

**Project**

Advancing Co-creation of Reusable Learning Objects to Digitise Healthcare Curriculum (ACoRD)

**Objective**

The ACoRD Project aims to introduce innovative digital pedagogy methods that will benefit healthcare and biomedical science students in Malaysia. A total of 23 Reusable learning Objects (RLOs) are being developed together with the educators and students under this project.

**Researcher**

PI: Prof Dr Ng Chirk Jenn

Project manager: Dr Teo Chin Hai

Instructional designer: Dr Lee Yew Kong

Instructional designer: Dr Zahiruddin Fitri bin Abdul Hassan

Learning technologist: Kuhan a/l Krishnan

Subject matter expert: Dr Lim Hooi Min

Subject matter expert: Prof Dr Lee Ping Yein

Research assistant: Dr Hue Sin Ling

Research assistant: Dr Ng Soh Chen

Research assistant: Dr Koey Jing Hooi

Research assistant: Dr Othniel Panyih Anak Deraman

Research assistant: Dr Ira Adila Mohamed Yasin
