

**Project**

Effectiveness of Videoconferencing as a Tool in Postgraduate Surgical Teaching and Learning

**Objective**

To assess the effectiveness of a 2-week synchronous online teaching with pre and post test assessment for postgraduate general surgical trainees. Pre and posttest results are analysed along with satisfactory questionnaire.

**Researcher**

Dr Koong Jun Kit (Surgery)

Prof April Camilla Roslani (Surgery)

Prof Ng Khoon Leong (Surgery)

Dr Choy Seow Huey (Surgery)
